Dr. H. Wakeham
Vice President
Corporate Research and Development
Philip Morris
P. O. Box 3D
Richmond, Virginia 23206

Dear Dr. Wakeham:

Thank you for your letter of February 18 and the detailed tabulations about citric acid and deuterium oxide. This confirms our thinking about the relative quantities of these substances which have been added to the Chemosol treatment.

Sincerely yours,

Allan J. Topol
